

Billing Service Alliances

Some practices opt to outsource their billing and collections functions. While FredMed does not offer this service, we have forged alliances with two vendors we believe will offer high quality service to our members.

Medical Account Services (**MAS**), headquartered in Frederick, MD, has provided billing, coding optimization, collections, cash flow analysis, and other related services for over 20 years. MAS has connectivity to the FredMed Misys server, which allows them to have real time access to practice data hosted by FredMed.

For more information regarding this service, please contact **Mark Wal** at (240) 529-1456, or e-mail him at walm@masbilling.com

www.masbilling.com

Practice Management Partners, headquartered in Owings Mills, MD, provides billing, collections, and technology services to over 450 physicians and 15 ambulatory care centers in the Mid-Atlantic region. They are the 24th largest medical billing company in the country. FredMed is pleased to recommend their services to our members based on their proven track record of increasing cash flow and decreasing days in AR. PMP will provide a Complimentary Practice Revenue Analysis to any FredMed member practice.

For more information about this service, contact **Shelby Boggs** at (443) 544-2234 or (800) 283-0606 extension 2234, or send her an e-mail at sboggs@pmptrs.com
